Spring 2012

NEW to BAYVIEW

BAYVIEW

**Bricks 4 Kidz: Inventions!
(Grades 2-5)**

Find out the origins of things like hand mixers, windshield wipers and conveyor belts. During this unit, students will discuss the difference between an invention and a discovery, learn how inventions solve problems, and find out how inventors get their ideas patented. Each week, students are encouraged to think of what they could invent, or improvements they could make to an existing object to solve a problem. Each model is motorized for maximum movement and fascination!

**Bricks 4 Kidz:
Amazing Animals
(Grades 2-5)**

It's a zoo in here! This is a unit sure to delight kids who love creatures. We'll be building models of snakes, insects, frogs and more. Each week we'll discuss fascinating facts about the animals we build, from the frog that eats his own skin to the dragonfly that can't fly unless it's above 65 degrees. Students will love these moving models that celebrate the wonders of the animal kingdom.
